## BREWING CO

Beer	Flavour Profile	Pot	Pint
<b>Lager – 4.5%</b> <i>An Easy drinking Australian style lager that offers a clean crisp beer flavour and very low hop character, representative of the style.</i>	Malt – Low Hops – Low Bitterness - Moderate	8	15
<b>Golden Ale – 4.4%</b> <i>This super easy drinking beer, has a slightly stronger malt profile than the lager that ends very clean and crisp. The blend of NZ and European Hops give a fantastic, subtle fruitiness that perfectly balances with the malt. This is our head brewers go-to beer.</i>	Malt – Low Hops – Moderate Bitterness – Moderate	8	15
<b>Pale Ale – 4.7%</b> <i>Our pale ale has a stronger malt backbone than the standard pale ale found today. The malty backbone makes the beer more approachable during the colder months of Daylesford. Floral and citrus aromas and flavours from the blend of Australian and American hops rounds this beer out nicely.</i>	Malt – Moderate Hops – Moderate Bitterness – Moderate	8	15
<b>Hazy IPA – 6.4%</b> <i>Teeming with rolled and flaked oats, this single hopped IPA packs a punch. The tropical fruits from the single hop variety, masks the higher alcohol content and finishes refreshingly bitter.</i>	Malt – Moderate Hops – High Bitterness - High	8.5	16
<b>Porter – 5.0%</b> <i>Deliberately dry and light bodied, this Porter really showcase flavours of chocolate, smoke, coffee, toffee and caramel derived from the 6 different malts and 2 types of hops used.</i>	Malt – High Hops – Moderate Bitterness - Moderate	8	15
<b>Raspberry Ice cream Sour 4.2%</b> <i>A ridiculous amount of fresh tart raspberries has gone into this limited edition sour. Kettle soured and balanced with lactose and vanilla this offers a refreshing funky, tart yet subtly sweet beer. Drinks more like a cider</i>		8.5	16
<b>Mango Lime Splice – 440ml Can ONLY</b> <i>Just like a summer splice, subtle notes of mango, but with plenty of lime, lactose and vanilla to really create that ice cream flavour.</i>			13
<b>Daylesford Cidery Session Cider – 330ml Can</b>			15
